DIGITAL LIBRARY

A new tool which enhances research at the text level on Latin Medieval Authors. It offers the Latin Medieval Texts published by SISMEL · Edizioni del Galluzzo in a new form. The text and related information contained in the edition are remodeled into a system of interconnected and browsable data. All metadata link directly to Mirabile repertoires (Bibliography, Authors, Works, Manuscripts). The project comprises currently about 300 titles and will be updated on a regular basis.
